the Mount Kelly Guidance Team*

February 2020

Pupils in Year 12 have started their Guidance lessons this term and have looked at a range of options available to them post-18. Visiting the National Apprenticeship Show has opened their eyes to the possibilities of gaining a degree whilst earning in a range of employment sectors. As part of National Apprenticeship Week we welcomed visiting speakers from Princess Yachts who spoke to pupils from Y10 upwards. A number of pupils from Year 10—Year 13 have also benefitted from one to one interviews with the careers advisers for the Royal Navy, Marines and Army. With many of our Y13 pupils now having received all their offers from their UK universities, they have now learnt about how to make their final choices and how to apply for the all important student finance.

Go to the Headstart website to find out about courses for Year 12 pupils to allow them to experience sciences at University. There are also Inspire courses for Year 11 pupils. Year 13 pupils might also be interested in applying for a Year in Industry before they go to university.

The University of Bath is running residential courses for Year 12 pupils at the end of June and beginning of July. This is a great way to find out what university life is like and find out more about Bath and the courses they run. By completing work after the course you could become eligible for lower entry requirements onto their degree courses.

The
Medic Portal

This website is a fabulous resource for anyone considering a career in Medicine. With information on how to put in a winning university application to preparing for the UCAT examinations, this really should be somewhere that pupils are spending much of their time!

UNIVERSITY
OF LONDON

The University of London is running a number of different taster courses through March and April. These are a great opportunity to see the university and find out more about studying particular subjects. There are courses in the Easter holiday for anyone who is in London.
