*Careers news brought to you by  
the Mount Kelly Guidance Team*

July 2020

Whilst Corona virus has meant that the trips and visits from speakers we had arranged for the Summer Term could not take place, we have been making the most of the wealth of opportunities that have become available online. Pupils have continued their research into university choices by going on virtual open days and attending subject webinars, our future medics have completed online work experience, and Year 11 pupils have found out about applying to universities overseas via an online presentation from the University Guys. Please see a list of useful websites to help pupils plan for their futures—some parents may find some of the courses on Futurelearn interesting too! Have a great summer.

For online engineering courses over the summer:

<https://mailchi.mp/smallpeicetrust/launch-of-phase-i-2019-course-timetable-822045?e=f03281b42a>

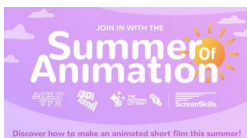

Stemettes is an award winning social enterprise working across the UK and Ireland and beyond to inspire and support young women into science, Technology, Engineering and Maths careers. <https://stemettes.org/>

For Software Engineering Degree Apprenticeship opportunities take a look here:

The Summer of Animation is here to help 13-18 year olds across the UK make a 3D animated film this summer and enter a competition to find the best young animator.

For those looking for something to do over the summer holiday—take a look at this boredom busting list of free online courses from Futurelearn.

<https://www.futurelearn.com/courses/collections/boredom-busters>

**Upper Sixth** Check Track regularly to see what is happening with your university offers

**Lower Sixth** You need to be researching courses and institutions. Use the subject guides and go on some virtual tours whilst we cannot attend open days. Continue progress with your application and personal statements

**Year 11** Look at the entry requirements for courses you may consider in the future, this will help you finalise A Level and BTEC choices for Sixth Form. <https://www.ucas.com/>
