# Introduction

Our Pupils' Absence Insurance Scheme policy has been designed to meet the demands and needs of fee payers who seek cover for a refund of the fees they have paid, following the absence of the pupil due to illness or accident.

This document summarises the main covers, features and exclusions of the Pupils' Absence Insurance policy.

If you wish to see the full terms and conditions, a policy document is available by contacting us or your broker.

## What is covered

Fees paid following the pupil's inability to attend the school due to the pupil's illness or accident or the pupil having been in contact with an outbreak of an infectious disease. The period of absence must exceed a pre-agreed "Waiting Period" to become a valid claim, please see the policy schedule for the Waiting Period that applies. Cover also applies where due to illness or accident the pupil cannot benefit from remote learning where the school is operating remotely or on a distance learning basis.

Fees paid following the necessary closure of the whole school, or a separate house of the school, due to an outbreak of an infectious disease amongst pupils and/or staff, which makes continuation of school work impossible.

## How much you will be insured for

Fee payers will be insured for the school fees (excluding extras) they paid, covering the time the pupil is absent or the school is completely closed.

Fees will be refunded for up to a maximum of 280 days for any one medical condition or series of related medical conditions per pupil, this applies for the whole time the pupil is included in the scheme (not just for one term or one year).
