Parent Workshop

Child Safety Online

Friday 2 May 2025 | 15:30 to 16:30 | Wortham Hall

For Pre-Prep and Prep Parents

This workshop covers all the bases of internet safety. Walk away knowing how to set up parental controls on your home devices and receive a copy of my Family Media Agreement to fill in with your children. You will know how to talk to your children about their online activity and will feel empowered to make the best choices for your family.

Presented by

Jessica Chalmers

Jessica is an online child safety expert and social media professional.
