Louisa May Alcott's *Little Women* was an immediate critical and commercial success. The book was inspired by Alcott's experiences growing up and is one of the best loved novels of all time.

Experience the enduring journey of the March sisters – tomboy Jo, beautiful Meg, sensitive Beth, and spoilt Amy, as they navigate the challenges of the Civil War era, forging unbreakable bonds of love and family. Step into the world of sisterhood, courage, ambition and follow them as they progress into womanhood.
