Parent Forum

We are excited to invite you to a special AI Forum, where we will share our journey in embracing Artificial Intelligence to enhance teaching and learning.

Artificial Intelligence Forum

Wednesday 21 January 2026 | 18:00

All Parents | College Library

Presented by Mr A Johnson
Assistant Head for Teaching & Learning

Over the past year, we have taken significant steps forward:

- Achieved the Bronze AI Mark from the Good Future Foundation, providing clear next-steps for continued progress and development
- Joined the University of Oxford AIEOU Group for AI in Education
- Delivered a whole-staff INSET on AI, with expert knowledge from Dr Claire Badger at InnerDrive covering confidence, safeguarding, detecting AI use, and supporting SEND and EAL learners

This forum will provide an opportunity to explore what AI means for education, address common concerns, and showcase how we are using it responsibly and positively to benefit our pupils.

A link to the recording of the forum will be available after the event at
